### The sofa that furnishes a complete room

KRAMFORS is so much more than a sofa! You can use the footstool as a table or an extra seat, combine the chaise longue and the 2-seat sofa to make a cosy corner den, or furnish with seats enough for all your family and friends. You can choose between fixed leather covers that are easy-to-care-for and durable - and removable fabric covers that can be dry-cleaned.

### Stretch out and relax

You can take up space in KRAMFORS stylish sofa series without feeling guilty about it. There's plenty of room to stretch out and relax. Choose a 2-seat sofa with one armrest and combine it with a chaise longue and what you have is a sumptuous corner sofa. If you would rather have a 4-seat sofa, just combine two 2-seat sofas with left and right-hand armrests respectively. You are free to choose whatever combination suits your space, your family and your lifestyle. All the link fittings you need are included.
