Vary and change any way you like

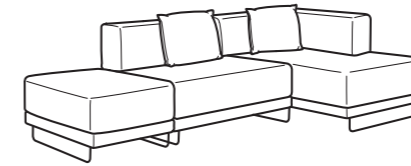

TYLÖSAND is a generous seating series that you can vary and change any way you like. One way is by adding new pieces as your family grows. This means that **TYLÖSAND** can always adapt to your way of life. And to ensure it can take the intensity of everyday life, the covers are removable and washable. Another reason **TYLÖSAND** is hard to resist is that it's so soft and cosy to sit in – it really makes you feel like curling up.

Endless possibilities to create your favourite sofa

You can combine **TYLÖSAND** to form almost any shape and size. You choose the sections you need and create just the sofa you want. It's easy to make a corner sofa, a sofa with a chaise longue, an extra long sofa, or just about anything. You can also buy additional sections to complement the ones you already have at home, or separate the sofa and make new combinations. The possibilities are endless. You simply connect the pieces of the sofa using the fittings that come with it – regardless of the size and shape you choose.

TYLÖSAND COMBINATIONS

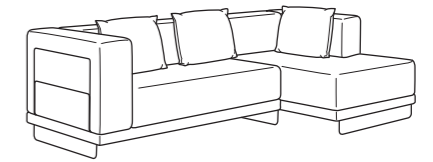

Fittings supplied.

A compact corner sofa consisting of a footstool, a one-seat section and a chaise longue. And it's easy to refurnish for a movie night or a tea party. For example, connect the footstool in front of the one-seat section for an extra deep sofa. Or use it as a stand-alone soft-topped coffee table!

Total size: 241x150 cm

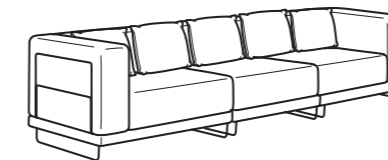

This combination KUNGSVIK sand SR 3360

Create a cosy corner with the chaise longue and a 2-seat sofa with one armrest. It gives you a comfortable seating arrangement with a roomy sensation – but doesn't take up a lot of space!

Total size: 251x150 cm

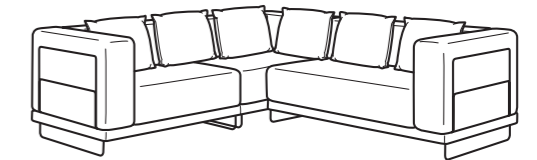

This combination EVERÖD orange SR 4530

The extra long sofa is a 3-seat sofa with the addition of a one-seat section in the middle. Adding a one-seat section is a simple way to extend your sofa. And, when you wish, you can disconnect it to use as an armchair. Or attach it to one of the armrests to make a corner sofa.

Total size: 330x91 cm

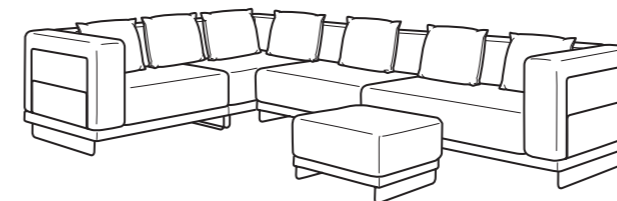

This combination KUNGSVIK sand SR 3935

Room for everyone. A 3-seat sofa and a 2-seat sofa make a corner sofa with room for many. The armrest is movable, so you can decide for yourself which side you want the 2-seat sofa to be.

Total size: 240x251 cm

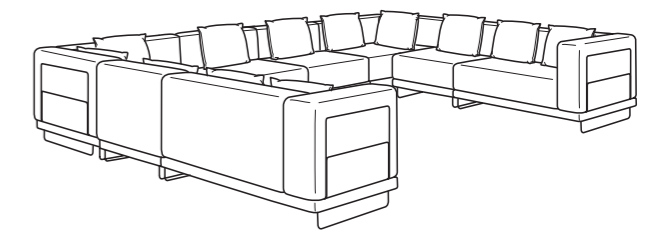

This combination KUNGSVIK sand SR 5140

Extend your corner sofa. Fit a one-seat section and footstool between the 3-seat and 2-seat sofas, and your sofa becomes truly gigantic. Or use the one-seat section as an armchair and the footstool as ... a footstool!

Total size: 240x341 cm

This combination KUNGSVIK sand SR 6610

Endless possibilities. Office party? Family get-together? It's always nice when everyone can sit down together. This U-shaped sofa consists of two 2-seat sofas with one armrest, one 3-seat sofa and four one-seat sections. And if that isn't big enough, add as many one-seat sections as you need.

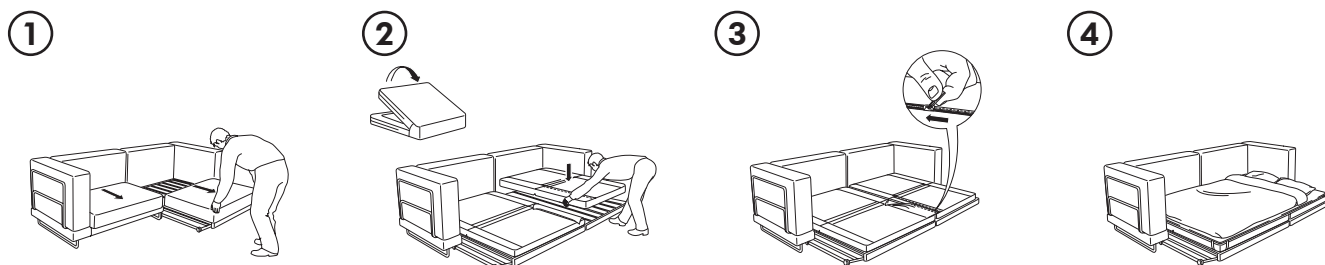

Total size: 420x250 cm

This combination KUNGSVIK sand SR 11070

HOW TO CONVERT TYLÖSAND

TYLÖSAND sofa-bed is easy to convert into a bed. Take away the four small pillows, pull out the bed bottom, open the zippers, fold out the seat cushions and cover with the washable mattress pad that's included when you buy TYLÖSAND. Then,

just put on the sheets! There's room for blankets and pillows for two people in the storage box under the seat. You can connect the sofa-bed to other TYLÖSAND pieces. When you want to use it as a bed, just disconnect it.
